

Driving safely near school buses

There is a 40km/h speed limit for traffic passing a school bus that is setting down or picking up school children. This speed limit is for all traffic travelling in the same direction as the bus, whether the bus is stationary or moving.

Lights will flash on the front and back of the bus reminding drivers that there may be children crossing or about to cross the road.

Buses can't stop quickly because they are large and heavy vehicles. So, remember:

- Reduce speed to 40km/h when bus lights are flashing
- Give way to buses
- Watch out for children crossing
- Never park in or near a bus stop or bus zone.

Informal school bus stops

Informal bus stops are not sign posted and are usually found in rural areas. They may be at the front of a property, or on the side of the road, which may make children difficult to see.
